

The Salisbury

Introducing the Salisbury, a fresh take for 2026 that brings traditional holiday home design into the modern era.

From the moment you step through the door, you will feel right at home. Combining textured fabrics, neutral colours and sophisticated design features, this holiday home is a classic cosy space in which to relax and unwind.

The circular dining room table helps to create a real social environment, which flows into the lounge where the plush sofas invite you to sit back and enjoy conversations with friends over a hot cup of tea. Undoubtedly, the media unit, complete with a feature panel wall, a complementary colour scheme and wall-mounted pendant lighting, is the main focal point of the room.

These colours carry on into the stylish and practical kitchen space, equipped with full-depth pan drawers, stylish lighting and an impressive composite sink.
