Atlas Yorkshire

Stylish meets practical in this brand new, well-specified holiday home.

Working in conjunction with Atlas Leisure Homes we wanted our first 'special' Holiday Home to be visually appealing as well as offering the sort of value our customers will know and love. Step into the Atlas Yorkshire and you are greeted by a bright airy interior that, like its namesake, has hidden depth and qualities often overlooked at first glance.

The Atlas Yorkshire provides open plan living at its best. Light, cool tones, comfortable furnishings and quality finishing touches can be found wherever you look in this stunning holiday home. Whilst you are enjoying the look and feel of this stunning holiday home you can relax knowing that, behind the scenes, as standard the Yorkshire comes with gas central heating, uprated insulation, uPVC double glazing and a pre-galvanised chassis.
